Contractors shall make themselves aware of the provisions of Chapter 23 of the Code of the Town of Conway. This chapter deals with building permits and describes when a permit is required, who is responsible to obtain the permit, what is required to obtain a permit, and the penalties involved for not obtaining a permit, as well as other items.

Contractors should be aware that the Town of Conway is not attesting to the ability of the contractor to perform construction activities. This is merely a registration, not a license. Furthermore, the contractor shall not represent this registration as a gauge of their abilities to the public.
